

THE BRITISH
WILLS & PROBATE
AWARDS 2025

OPEN TO PRACTITIONERS ONLY

Wills & Probate Excellence

Introduced in 2024, this category was initiated to recognise the individual or firm who has wow-ed the judging panel; demonstrating excellence across the whole range of criteria outlined in the British Wills and Probate Awards.

This category is not open to general submission. The winner will be the top scorer across the categories open to Willwriting and Solicitor Firms; an individual or firm who is delivering technical excellence, an innovative approach to client service, and evidencing the fruits of their labours through client satisfaction.

The award embodies everything that Today's Wills and Probate stands for as a news publication and everything The British Wills and Probate Awards was introduced to recognise; independence, integrity and a recognition of the incredible diversity of the profession.
